

# Close to You

 lyrics by Hal David and music by Burt Bacharach (1963)

*Fadd2*                *Esus4(½)* *E7(¼)* *Em(¼)* *Em7*                *Am7*  
 Why do birds suddenly appear                Every time you are near?  
*Fma7*                *Fma7*                *C6(½)* *Cma7(½)* *C6(½)* *Cma7(½)*  
 Just like me, they long to be close to you  
*Fadd2*                *Esus4(½)* *E7(¼)* *Em(¼)* *Em7*                *Am7*  
 Why do stars fall down from the sky,                every time you walk by?  
*Fma7*                *Fma7*                *C6(½)* *Cma7(½)* *C6(½)* *C7(½)*  
 Just like me, they long to be close to you

*F*                                *F*  
 On the day that you were born the angels got together and  
*Em*                                *Asus4(½)* *A9(¼)* *A7(¼)*  
 decided to create a dream come true.                So they  
*F*                                        *Fma7(½)*                *F6(½)*  
 sprinkled moon dust in your hair of gold, and starlight in your eyes of  
*G*                *G*  
 blue.                That is

*Fadd2*                *Esus4(½)* *E7(¼)* *Em(¼)* *Em7*                *Am7*  
 why all the girls in town                follow you all around  
*Fma7*                *Fma7*                *C6(½)* *Cma7(½)* *C6(½)* *C7(½)*  
 Just like me, they long to be close to you  
*Fma7*                *Fma7*                *C6(½)* *Cma7(½)* *C6(½)* *C7(½)*  
 Just like me, they long to be close to you
