

Don't Mess with My Toot Toot by Count Rockin'

Sidney (Sidney Simien). 1984 Zydeco hit: it contains both a drug and sex connotation while its real meaning is a Cajun term of endearment meaning sweet heart, as in 'mà chere tout-tout.'

Don't mess with my toot toot

Don't mess with my toot toot

Well you could have the other woman
D G
But don't mess with my toot toot

Well, she was born in her birth suit
The doctor slap her behind
He said, 'You're gonna be special
A-you gonna be fine

A-you can look as much
But if you much as touch
You're gonna have yourself a case
I'm gonna break your face

Whoa, mama was the same way too,
All the fellas didn't know what to do,
And papa never had a chance,
With a sweet little toot toot.

She was born in her birth suit,
The doctor slap her behind, (slap!)
Said you're gonna to be special,
You sweet little toot toot.
