And spending your nights on the town

When you're through running around

Bb F Bb F
And who keeps on loving you when you've been lying

Saying things ain't what they seem

God does but I don't. God will but I won't

And that's the difference between God and me

God does but I don't. God will but I won't

Bb C Bb F
And that's the difference between God and me

So who says he'll forgive you and says that he'll miss you

F F C C
And dream of your sweet memory
