# Light My Fire by Jim Morrison, John Densmore, Robby Krieger, and Ray Manzarek (1967)

```
     Am7                      F#m7
You know that it would be untrue
     Am7                    F#m7
you know that I would be a liar
Am7              F#m7
if I was to say to you
Am7                         F#m7
girl, we couldn't get much higher
```

```
     G            A6      D       Bm
Come on baby light my fire
     G            A6       D     B
come on baby light my fire
     G          D       E    E
try to set the night on fire
```

The time to hesitate is through
No time to wallow in the mire
Try now we can only loose
And our love become a funeral pyre
