Oh Lonesome Me by Don Gibson (1958)

```
C              C            G7        G7
Everybody's going out and having fun
    G7          G7                C            C
I'm just a fool for staying home and having none
  C            C7            F      F
I can't get over how she set me free
G7(½)   Gdim7(½)  G7         C   C
Oh                 lonesome me
```

```
  C             C            G7          G7
A bad mistake I'm making by just hanging round
  G7            G7                  C            C
I know that I should have some fun and paint the town
  C            C7             F      F
A lovesick fool is blind and just can't see
G7(½)   Gdim7(½)  G7         C   C
Oh                 lonesome me
```

```
      G              G        D7          D7
I'll bet she's not like me she's out and fancy free
         D7            D7(½)     D7sus4(½)  G        G
She's flirtin' with the boys with all her      charms
       G          G        D7            D7
But I still love her so and brother don't you know
       D7             D7             G      G7
I'd welcome her right back here in my arms
```

       C                 C              G7          G7
Well there must be some way I can lose these lonesome blues
    G7         G7                C          C
Forget about the past and find somebody new
  C             C7           F     F(¼)  E(¼)  F(¼)  F#(¼)
I've thought of everything from A to Z
G7(¼)   Gdim7(¼)  G7        C   C(¼)  E(¼)  F(¼)  F#(¼)
Oh                 lonesome me
G7(½)   Gdim7(½)  G7        C   C6
Oh                 lonesome me
