

Some Come to Sing/There's a Meeting Here Tonight

traditional (3/4 time)

D *D* *G* *G*
Some come to dance, some come to play
D *D* *E* *A*
Some merely come to pass time away
D *D* *G* *G*
Some come to laugh, their voices do ring
D *D* *G*(2) *Gm*(1) *D*
But as for me I come for to sing

Some come in winter to ward off the chill
Some come in summer to drink of their fill
Some come in autumn, and others in spring
But when I come, I come for to sing

Some people have what others do not
And some like to tell me about what I ain't got
But I don't mind, it don't mean a thing
For when I come, I come for to sing

Some folks enjoy me, others do not
Some love to extol on what I ain't got
But I don't mind, it don't mean a thing
I'll keep on comin', comin' to sing

Some come to stay, while others must leave
Some come to laugh, while others still grieve
But one and all, we want the same thing
For when we come, we come for to sing
